

Personal Project at a Glance

The Middle Years Programme's (MYP) Personal Project gives you an opportunity to explore your passions.

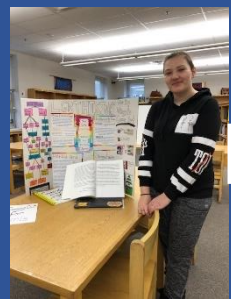

You create the Personal Project about a topic that motivates and inspires YOU!
Your Personal Project will challenge you in new ways and we are here to support you in the process.

This student researched the steps she would need to take to become a pharmacist. The project is a great opportunity to explore a future career.

This student researched recycling and created a book about recycling programs made completely from recycled materials. The project is a great way to help your school and community as well as the environment!

This student researched LGBT history and created a presentation with a flow chart and story book about her experiences and communication with family. The project is a great opportunity to express yourself and share your story.

Personal Project Ideas

Create a recycling plan for KHS

Create a mural

Produce a music video

Build a model of a car

Learn a new skill

Learn to play an instrument

You will keep a journal and present your great project to parents, students and community members along with IB diploma bound students who completed CAS!

The outcome or product of a personal project will vary. Your final product or outcome can be:

- an original work of art (painting, sculpture, short story, novel, script for a film or play)
- a model
- a film or video etc...

How will we accomplish this goal?

- You will work with your **world history teachers** to establish ideas and procedures needed to be successful.
- You will have regular check ins with the **Project Coordinator Ms. Levy** and **MYP Facilitator Ms. Forman**.
- You will also work with **Library Media Specialist Ms. Magnuson** to compile research and citations throughout the investigation process.
